# SOPHIE KATSIVELOS

Creative Technologist - Fabricator - Designer

I am a designer, fabricator, and creative looking to create positive experiences for all, with a can-do attitude always happy to contribute. I'm always on the cutting edge, seeing how new technology can be used to enhance any experience or workflow.

## WORK EXPERIENCE

### CREATOR

#### ***Digital Sociology Study 2024-Present***

Built a networked installation linking a physical console to a shared VR space, where audience inputs in real time alter the environment and participant avatars. Demonstrated skills in Unity networking, interaction design, and physical-digital integration.

### VR DEVELOPER - INTERN

#### ***Flavor 5 Studio Summer 2024***

Worked with renowned VR artist Mattia Casalegno on re-developing his critically acclaimed *Aero Banquets* for the Quest 3 using Unity game engine and development for it's sequel.

### EXHIBIT DESIGNER - INTERN

#### ***Ellwas Consulting June 2022 - April 2023***

Interned in multiple design projects with Dana Karwas, for clients such as the Museum of Ice Cream, and the Milken Center for Advancing the American Dream. worked with clients, creating a visual language, related designs and assets. <https://danakarwas.com/>

### SET DESIGNER - INTERN

#### ***Kaufmann Music Center Summer 2018 & 2019***

Designed and built one of the sets and participated in the run crew in the Kaufman Music Center's Summer Musical Theater Workshop. The job required quick thinking, fabrication skills, client communication and fast turnarounds.
